Dear Sir:—I hereby offer you a willing testimony to your valuable Bitters; I hardly know where to find words to thank you for the good it has done me. I would not be without it on any account, and honestly believe that it is the only thing that keeps me alive.

I have recommended it to many of my friends, they all speak of it in the highest terms, which it richly deserves.

You are at liberty to refer any one to me as regards your valuable compound.

WALTER SIMONSON,
63 Fourth street, Williamsburg.

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.

T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well

The undersigned has every confidence in the efficiency of Hutching's Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,
N. York, Sept. 3, 1849 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted more severely with Dyspepsia; together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

LITTELL'S LIVING AGE,

E. LITTELL & Co., cor. of Tremont and Bromfield streets, Boston.

This is work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years) but as it is twice as large, and appears semi-mo., the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but while thus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of the literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of the Edinburgh, Quarterly, and other Reviews, and Blackwood's noble criticisms on Poetry, his historical Commentaries, highly wrought Tales, and vivid descriptions of men and manners in Society; and the contributions to Literature, History, and Common Life, by the ingenious Spectator, the sparkling Examiner, the judicious Athenæum, the busy and industrious Literary Gazette, the scientific and comprehensive Britannia, the solid and respectable Christian Observer; those are interwined with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers's admirable Journal. Hence and consider it, with the ability to borrow with an Irish brogue from Punch, and collect thanks it good enough, makes one of the cheapest of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood, and vastly multiply our connections as Merchants, Travellers, and Politicians, with all parts of the world; so that such a work cannot but become necessary to every intelligent American who desires to keep pace with the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of changes, to a new state of things, which the nearly perfect political peace remaining favor forebodes.

Geographical Discoveries, the progress of Colonization, (which is extending over the whole world,) and Voyages and Travels, afford favorite matter for his selections; and, in general, an edition systematically and very fully acquaints his readers with the great deportment of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who wish to be themselves informed of the rapid progress of the movement-classes, Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure,—it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in a readier way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. LITTELL & Co., Boston, who supply readers by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 48 pages double col octavo. Price 12 1-2 cts., or by the year, six dollars. We add to our own recommendation, what our readers will

Infinitely more, a letter from the late President J. Q. Adams:—

"WASHINGTON, 27th December, 1845.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.

The lecture by *Professor* Macy, Friday evening, formed a most marked feature in the *intellectual* enjoyments of the season, and will probably long be fresh in the memories of those who were present. The Professor announced his subject the Spiritual Rappings and Mesmerism; there was no particular connection, however, in anything he said, and had he turned over two pages of his M S at once, it would have done just as well. His elucidation of the subject was unique in the extreme, and called forth almost incessant shouts of laughter. His classification of distinguished men of past ages was exceedingly rich, particularly when he assigned the authorship of Homer's Illiad to Archimedes.

His mind swept along the horoscope of imagination, bestudding the whole realm with diamonds of Ethiopean darkness; his fancy was phosphorescent with thoughts which sparkled like stars in a Nubian fog, and his deductions were as clear as well-coagulated mud. He was constantly striving to reach the sublime, he was constantly tumbled into the ridiculous; yet he labored with heroic firmness to extricate himself from the mire, and to reach a realm where he could breathe free,—but still this inward magnetic power would not permit him to disenthrall himself from his natural element. Again he spread his wings and attempted to soar, but again his material bulk was too extensive for his mental apparatus to bear away,—and again the Professor collapsed into materiality. We trust that no one will complain after this, that we have not had a philosophical lecture this winter; notwithstanding the roars of laughter, the Professor maintained a gravity as remarkable as that of an owl, the fined bird of Wisdom.

Before commencing, the Professor read a note addressed to himself, which stated that the Town had presented him with a valuable silver medal, which they begged him to accept in consideration of his distinguished talents; he then displayed, around his neck, upon a yellow ribbon, a large piece of round tin. The lecture was listened to by a large, intelligent and fashionable audience.

We learn that the Professor is Town Clerk of New Bedford, and is a regular bottle-washer of the Magi of that place; they will lecture for him, and send him to different places, according to order. The only actual distinguishing feature of the Professor is a peculiarity of the head. He acquitted himself on this occasion to the entire satisfaction and amusement of all present. On Saturday morning, the Professor was properly labelled, and sent back to New Bedford by stage, to his constituents and owners, the "Fungundum Club" of that city.

We see it stated in the New York Tribune that the Mexican government has contracted with responsible parties for the building of a line of Telegraph from the city of Vera Cruz to the Pacific coast of Mexico. Another line is projected between the city of Mexico and Acapulco, and the two lines, when finished, will establish magnetic communication between the Atlantic and Pacific coasts. The work is to be commenced at once, and Mr. Makepeace, for some time connected, as chief operater, with the Albany and New York Telegraph Company, is to sail in a few days for Vera Cruz, with the requisite materials and instruments for the enterprise—Several operators are going out with him.

THE NEW EDITION OF WEBSTER'S SPEECHES.—The Cambridge correspondent of the Springfield *Republican* says:

"It will be remembered that some months since it was stated that a new and very fine edition of Webster's works was to be published. The arrangements have been completed, and the first volume will shortly be published by Little & Brown. The work is to be published in six large volumes, for which the superscription price is two dollars each. It will contain, first, a notice of Webster's life and works by Edward Everett; second, the speeches and discourses in Congress; third, the orations and addresses; fourth, the legal arguments, the essays, and the diplomatic papers. Many of these will be direct copies from Mr. Webster's own notes, which have never been published. Every subscriber's copy is to be accompanied by an autograph of the author. The work will be published from new type, cast especially for it, and the whole of it will be issued during the present year."

IMPORTANT DECISION.—In a case brought before the Supreme Court of Pennsylvania, from Delaware county, it was decided last week, that in a public sale, where a person is employed to "run up" the property, and make the purchaser pay more than it is worth, but *bona fide* bidders bid for it, the sale is fraudulent and void, so far that the purchaser is not obliged to take the property struck off to him. As the practice of bidding up property is not uncommon in this region, the decision of the Supreme Court may be of some importance.—*Philadelphia Pennsylvanian.*

☞The Bar and Bench of Baltimore met in the County Court Room on the 10th inst., and having duly organized by the election of Judge Purviance as Chairman, gave adequate expression to their sorrow at the death of George R. Richardson, Esq., late Attorney General of Maryland. Resolutions, prefaced with a most eloquent preamble, were adopted, and several gentlemen of the bar delivered the warmest panegyrics on the eminent virtues and splendid professional abilities of the deceased. The Hon. Reverdy Johnson attempted to speak, but was so overcome by his feelings, that he had uttered only a few words when he was compelled to sit down, unable to proceed.

The Licence Law of Ohio, which authorizes [illegible] has been entirely abrogated by the State Constitutional Convention, which passed the following section:

"No license for traffic in intoxicating liquors shall hereafter be granted in this State; but the General Assembly may by law provide against evils resulting therefrom." The vote stood, yeas 57, nays 38. The report as amended was then engrossed, yeas 48, nays 15.

We are gratified to perceive that the Commissioners of the London Industrial Exhibition have determined to interdict the sale, on the Fair ground, of all intoxicating drinks. Nothing but light and innocent refreshments are to be permitted, and these will be divided into three classes, which are to consist of sandwiches, pastries, jellies and ices of all kinds, tea, coffee, lemonades &c.—The contractors have stipulated to supply glasses of water, gratis, to all visitors who may apply for them.

IMPORTANT MONETARY MOVEMENT.—The Philadelphia Inquirer of this morning says that Mr. Secretary Corwin has ordered the sum of two millions of dollars to be appropriated out of the New York sub-treasury, for the immediate payment of that amount of mint certificates. The amount of uncoined bullion and gold dust in the Philadelphia mint is now more than six millions of dollars, and the daily coinage amounts to only $200,000.

A LARGE BUILDER.—A New York paper says that Wm. B. Aster, Esq., has contracted for the erection of one hundred and fifty first class tenement houses, principally on Fortieth street and vicinity, and between the eighth and Ninth avenues. This is the largest building contract we ever heard of in the United States. Supposing each house to rent $400 and [illegible] tenement" cannot be erected for less, and probably not for that price, the contract amounts to three quarters of a million.

☞The Hon. Daniel Webster, on Monday, urged a case for the United States connected with the Van Rensselaer estate, in the Supreme Court of the United States, at Washington, in the presence of an unusually large audience of both sexes.

The Philadelphia Inquirer states that the Secretary of the Navy has ordered that the remains of the [illegible] Paul Jones, be brought home in the frigate St Lawrence.

THE HAWAIIAN ISLANDS.—It has been estimated by the Rev. Henry T. Beecher in his late work entitled the "Isand World of the Pacific," that the ratio of mortality among the inhabitants of the above named Islands, as compared with that of births, is such that in twenty years the population must be utterly extinguished. The excess of deaths over births, as indicated by the reports of 1849 was 6165, which is equal 18 per cent per annum. *General indolence* is assigned as the cause of this rapid depopulation. The Islands are eminently salubrious.

A wag, after hearing a very insipid dialogue between two noodles, exclaimed—

"As Dolly and Dozer went walking on day,
Says Dolly to Dozer, 'Why Dozer, I s'—
Well, Dolly, what have you to say to Dozer?
'Why truth, sir,' said Dolly, 'I dolly don't know sir!'"

Which is the amount of a gel many conversations.

Adversity exasperates fools dejects cowards, draws out the fraud of the wise and industrious, puts th modest to the necessity of trying their ill, awes the opulent, and makes the idlindustrious.

A worthy woman in Pennylvania, named Dunlap, went lately to the rumseller who supplied her husband, and told him if he would stop selling rum for the winter, she would come and wash to the amount of the profits he had made on the liquor sold to her husband.

"If ever you marry," said an uncle, "let it be a woman who has judgement enough to superintend the work of her house; taste enough to dress herself; pride enough to wash herself before breakfast; and sense enough to hold her tongue when she has nothing to say."

GENERAL HARRISON'S TOMB STONE.—About two months since we published, upon what we considered reliable authority, a report that a costly and imposing tombstone had been landed at North Bend. We learn that such is not the fact. As the paragraph alluded to has had a wide circulation in the newspapers of the country, it is desirable that the error should be corrected, as it may have the effect of preventing the friends of General Harrison from preparing a suitable monument for his last resting place.

SHEEP FOR CALIFORNIA.—A gentleman who had reached San Francisco from Santa Barbara, by land, reported having passed on his route eight thousand head of sheep, which were being driven from the State of Sonora to the San Francisco market.

The Russian army, which is disposable at any moment for active field service, amounts to 490,000 men, with 996 pieces of field ordnance.

The Electric Telegraph, as a mercantile adventure, has failed, it is said, in England, in consequence of the compactness of the population and the speed of the mails.

☞James, what are the olfactory organs?" asked a teacher. "They's the machinery in factories where oil is made," was the prompt reply. The schoolmaster went into spasms.

MARINE INSURANCE.—A Marine Insurance Company, with a capital of $500,000, of which $100,000 had already been subscribed, was recently formed at San Francisco. It is the first institution of the kind ever established on the Pacific, and is sustained by the best business men in the city.—An able board of Directors were selected, and William Hart, Esq., the enterprising auctioneer, elected President.

AYER'S CHERRY PECTORAL,

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH AND CONSUMPTION.

This truly valuable Remedy for all diseases of the Lungs and Throat, has become the chief reliance of the afflicted, as it is the most certain cure known for the above complaints. While it is a powerful remedial agent in the most desperate and almost hopeless cases of Consumption, it is also, in diminished cases, one of the mildest and most agreeable family medicines for common coughs and colds. Read below the opinion of men who are known to the world, and the world respect their opinions.

FROM PROFESSOR HITCHCOCK.

"James C. Ayer—Sir: I have used your "CHERRY PECTORAL," in my own case of deep-seated Bronchitis, and am satisfied from its chemical constitution that it is an admirable compound for the relief of laryngial and bronchial difficulties. If my opinion as to its superior character can be of any service you are at liberty to use it as you think proper.

EDWARD HITCHCOCK, L. L. D.,
President of Amherst College.

From the "LONDON LANCET."

"AYER'S CHERRY PECTORAL is one of the most valuable preparations that has fallen under our notice. After a careful examination, we do not hesitate to say we have a large appreciation of its merits and the fullest confidence in its usefulness for coughs and lung complaints."

Dr. Brewster, of Windham Co., Conn., sends us the following testimony,—

Dr. J. C. Ayer—Dear Sir:—I enclose you a certificate from Mrs. Catherine K. Cady, a highly respectable lady of this village, wife of Mr. Seth Cady, Deputy Sheriff, Windham Co., Connecticut. The cure in her case was very prompt, and has attracted general attention.

W. A. BREWSTER, M. D.

West Killingly, Ct., Sept. 28, 1848.

This may certify that I was afflicted with a very severe cough in the winter of '47 8, which threatened to terminate in Consumption. I had tried many medicines in vain and was cured by the use of "Ayer's Cherry Pectoral."

CATHERINE K. CADY.

DIRECT EVIDENCE.

Dr. J. C. Ayer, Lowell—Dear Sir:—Feeling under obligations to you for the restoration of my health, I send you a report of my case, which you are at liberty to publish for the benefit of others. Last autumn I took a bad cold, accompanied by a severe cough, and made use of many medicines without obtaining relief. A friend gave me a bottle of your CHERRY PECTORAL, the use of which I immediately commenced according to directions. I now sleep well, my cough has ceased, and all by the use of your medicine.

E. S. STONE, A. M.
Principal Mt. Hope Seminary.

From Dr. Bryant, Druggist and Postmaster, Chicopee Falls, Mass:—

Dr. J. C. Ayer—Dear Sir:—Enclosed please find remittance for all the CHERRY PECTORAL last sent me. I can unhesitatingly say, that no medicine we sell gives such satisfaction as your's does; nor have I ever seen a medicine which cured so many cases of Cough and Lung Complaints. Our Physicians are using it extensively in their practice, and with the happiest effects. Truly yours, D. M. BRYANT.

SCROFULA

If Mercury, in every form, and there is abundant evidence of the fact, is the cause of more than one-half of the diseases effected, that ONE BOTTLE of this extraordinary vegetable preparation, and a few bottles of pure Sarsaparilla, will do more to eradicate from the system, than can be accomplished by any other medicine that has ever been offered to the afflicted. In proof of this assertion, we could publish a volume of certificates, but we deem it unnecessary, as the following, from well known citizens of Baltimore, will be sufficient to satisfy the most skeptical. Every one of the persons whose names are appended to the following certificates, had been given over by their physicians, and pronounced incurable, and had abandoned all hope of recovery, when they were induced to try BRANT'S INDIAN PURIFYING EXTRACT, and were restored to perfect health by the use of a few bottles. Many of them had been LAME and CRIPPLED for years, and could not WALK—some that were SICK, SCROFULOUS and diseased, have been HEALED and CURED

BRANT'S INDIAN PURIFYING EXTRACT

Hundreds—Thousands—

can testify that BRANT'S PURIFIER, after having tried in vain the Sarsaparillas and other medicines ran to purify the blood diseased, have decided that—

Brant's is the Cheapest;

for a few bottles of it has more medical, curative matter in it, than a dozen gallons of those worse than useless compounds, called by the name of medicine.

A few bottles of BRANT'S PURIFIER will cure a case of CANCER, which is more than one bottle of Sarsaparilla or BRANT'S PURIFIER would be as cheap as a few bottles of Sarsaparilla at one dollar. But BRANT'S PURIFIER, for only ONE DOLLAR a bottle; and if it does not effect a cure, is payable of curing, FOUR BOTTLES, for only ONE DOLLAR a bottle; and if it does not effect a cure, it is because no bottle of Sarsaparilla, there is, or can be, in consequence of its low price, so much as one bottle should be sold at no more than twenty dollars, to be as cheap as the PURIFIER is at one.

One Dollar's Worth!

CANCER—How much SYPHILIS—How much SCROFULA—will one dollar's worth of BRANT'S PURIFYING EXTRACT cure? Read the following statement, which is a specimen of its power:—

CANCEROUS SCROFULA!

To whom it may concern: A young man was brought to my house, with a virulent case of SCROFULA, by only twelve bottles of Brant's Purifier, that were administered by the use of which he was entirely cured by the use of twelve bottles of the Extract. Seeing results that were even above the most sanguine expectations of its powerful medical powers to effect the cure of the most inveterate cases, I was induced to have it administered to my wife, who had been afflicted and deformed as to be unable to walk without crutches, for the last twelve years, and who had suffered all that human nature could endure from the ravages of Scrofula. She had the best medical advice that could be procured, and was considered to be in a hopeless state. Brant's Purifier, by the use of a few bottles, restored her to perfect health, and was considered by her physicians and friends as little short of a miracle. She has since given birth to a healthy child, and is now the mother of a large family of children, all of whom are free from Scrofula, and are in the enjoyment of perfect health. I have also administered it to my children, and have found it to be a most valuable medicine. I have also administered it to my children, and have found it to be a most valuable medicine. I have also administered it to my children, and have found it to be a most valuable medicine.

J. P. HASKINS, of Lima, Livingston Co., N. Y., and Scrofula, was confined to his bed the last year of his life, and was considered and declared as to be unable to be moved in his bed. He had the best medical advice that could be procured, and Brant's purifier, to 20 good effect—and was considered to be in a dying state, and was considered to be in a dying state, and was considered to be in a dying state. I would not have recollection down longer, when he commenced using BRANT'S PURIFIER. This took was from my house in a hole was eaten through my side, under his chin, so that he breathed through it, and a portion around that it could be filled with corn was destroyed by the use of a small piece; the use of BRANT'S PURIFIER, in about two months, an ulcer under his ear, as a man's hand, had nearly eaten through his body. This to was afflicted with scrofula, ulcerated sores, on various parts of his body. For further and full particulars, see our PAMPHLETS.

THOMAS WILLIAMS, one of the most skilful physicians in this city, was called to see Haskin in the day before he commenced using Brant's Purifier. Dr. W. examined the case, and told him that all the medicines in the world could not cure him—that his case was

Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure! He said: "When I received two bottles of BRANT'S PURIFYING EXTRACT, of Hand & Leonard, druggists of Rome, I commenced using that, and by one, to get better. That bottle was to get off my bed, where I had been confined for a year. A second bottle enabled me to get out of the house, and third bottle enabled me to walk two miles, to Horse Creek, where I procured six bottles more, and when I had finished them, scrofulous out of recently ulcers had healed over, and these latter more affected a PERFECT CURE of the ulcers, and restored me to good health."

FOURTEEN WITNESSES!

Mr. HASKIN is known to the above facts, and the facts are sworn to and certified to by Dr. T. WILLIAMS—Mr. I. R. BROWN, proprietor of the Park House Hotel—Messrs. ISNELL & LEONARD, wholesale and retail druggists—ELEVEN other respectable witnesses.

CANCERS CURED.

Mr. KINNEY, merchant, Clinton, Oneida county, N. Y., had a cancer doctor to amputate a cancer. Cancer is cured by the use of BRANT'S PURIFYING EXTRACT. A cancer of Mr. KINNEY, of Canajoharie, Montgomery county, N. Y., is known to all of his acquaintance. Mr. KINNEY is well known to all of his acquaintance.
